

MELJAC personalises switches with a new option: serigraphy

Leading high-end electrical wiring accessories brand MELJAC is now offering serigraphy as a new way to personalise its brass, porcelain, glass and plexiglass models (switches, sockets, thermostats, etc.). This alternative to engraving will print a colour symbol, motif, logo, word...or even a photo.

It also provides more possibilities so customers, who are increasingly looking for bespoke options, can allow their imaginations to run wild.

MELJAC's renowned expertise makes it the leading brand offering beautiful, high-quality electrical wiring accessories made in France.

Taking personalisation to its limits

With MELJAC serigraphy, any image provided by the customer can be added to switches, sockets, thermostats, etc. for fully personalised results, while maintaining the material quality and the expertise for which the brand is known.

Serigraphy possible on brass, porcelain, glass and plexiglass collections.

Words, symbols, icons, logos, motifs, photos, drawings, etc.
