

## MELJAC brings curve appeal to your interiors

MELJAC, the leader in luxury electrical hardware, offers a unique rounded series of switch and outlet plates. The curved edges of these models add a suave, soft touch to any space.

Crafted from solid brass with a choice of 26 finishes or RAL paint colors, these plates are made in France and reflect a combination of skilled craftsmanship and advanced technology – like all MELJAC products.

### A sensual design for a functional product

Oval, round, oblong... MELJAC's switch plates are adapted to each customer's preferences, delivering the perfect finishing touch to their interior. Crafted from quality materials such as solid brass or tempered glass, they offer an exquisite detail that is unique on the market. Various sizes are available to accommodate the type and number of mechanisms required (e.g. toggles, push buttons, power outlets, USB, data ports, etc.)

Each creation can be personalized, for example with engraving, screen printing or LEDs.
