

MELJAC presents its contactless solutions

MELJAC, the leader in luxury electrical fittings, has various contactless models, including motion detectors and the ELLIOT collection.

The brand draws on its skilled craftsmanship to offer a range of quality products with meticulous finishes, blending aesthetic appeal and technological excellence.

All of MELJAC's creations are made with quality materials and bear the prestigious "Origine France Garantie" label.

Elegant contactless models

Brass, with a Brushed Brass finish

Motion detectors (like the Legrand model above) can turn on a light, open a door, etc., via an infrared system.

With an adjustable detection range of up to 8m, they can be used in the home as well as in hotels, shops and restaurants.

MELJAC models are made from brass, which offers exquisite appeal and superlative quality.

- . Brightness threshold: 5 lux to 1275 lux
- . Time delay: 10 sec. to 10 min.
- . Detection range: 120°

The system used in the ELLIOT collection involves printed circuit boards, sound cards, electronics and connectors. Users insert a finger into an LED-lit opening on a brass plate to control lighting, sound a bell or activate an intercom system.

Brass, with a Grey Gunmetal finish

The finger hole features a mirror effect that reflects the light beam, enhancing the aesthetic quality of the material.

The backlighting in the opening and the sound emitted can be customised by programming.

- . Optional simple or bright cut engraving or embossing
- . Various sizes
- . 26 finishes to choose from

CREATED AND PRODUCED IN FRANCE

About MELJAC

Founded in 1995 by André Bousquet, MELJAC is the market leader in luxury electrical fittings made from quality materials.

With some ten different ranges, MELJAC offers a wide range of solutions for architects, decorators, electricians and home owners, including switches, sockets, table lamps, reading lamps, casings for thermostats and home automation systems, etc. The brand is also well known for its expertise in delivering bespoke solutions.

Its innovative approach and working methods are key to its development and guarantee outstanding quality. The company set up its first subsidiary in the United States in 2018 and has around 60 authorised dealers worldwide.

Customers include the Palace of Versailles, the Louvre Museum, Cartier and Chanel stores, Paris-based hotels the Four Seasons George V, Le Meurice and La Réserve, the Royal Mansour and Mandarin Oriental in Marrakesh, the InterContinental Geneva and Hotel Danieli in Venice.

All MELJAC products bear the prestigious "Origine France Garantie" label. MELJAC is also the first company in its sector to obtain the EPV (Living Heritage Company) label. In 2019, it had 80 employees and generated a turnover of €9.3 million. www.meljac.com
