

MELJAC's Black Stone Chelsea finish elevates interiors to new heights

MELJAC, the leader in luxury electrical fittings, introduces a new finish: Black Stone Chelsea. The attractive dark bronze color, features a matte surface complemented by a thin brass reveal around the edge of the plate. Created using the highly skilled French craftsmanship on which the brand has built its reputation, this new offering is already catching the eye of architects and homeowners seeking a subtle note of distinction in their project.

■ The refined elegance of a classic interior

The Black Stone Chelsea finish is a perfect fit for both contemporary and traditional interiors. The visible brass edge-detail offers an elegant finishing touch to a sleek design that showcases the quality of the plate's core material. With this new finish, lighting controls, outlet plates and other electrical accessories become an integral part of any interior design scheme, above and beyond their function.

Black Stone Chelsea is based on the Black Stone finish, which features the same even tone but without the brass border.

MELJAC has a colour chart with 30 brass finishes, all produced using skilled craftsmanship to ensure the quality of the final product.

- Sample plate available in the sample box of 30 standard finishes
- Available for the Classique, Ellipse and Damier collections
- Customizable with engraving or screen-printed words, symbols, pictograms, etc.
