

MELJAC partners with the French Electrical Contractors Association for its new “Lab by FFIE”

For the launch of its “Lab by FFIE”, the French Electrical Contractors Association (FFIE) chose MELJAC, the leader in luxury switches, to produce a lighting control model in the Cannelée collection, a door opening button in the Damier collection on a surface-mounted back box, and two casings for Urmet France door entry phones.

This collaboration reflects MELJAC’s expertise – all MELJAC products are made in France and offer a winning combination of state-of-the-art technologies and the irreplaceable human touch.

The Cannelée collection, in partnership with Jean-Michel Willmotte

- Collection: bespoke
- Material: brass
- Format: 150x430x3mm
- Mechanism: Urmet France door entry phone
- Finish: Dark Bronze
- Where? at both entrances (road side and courtyard side)

■ “Lab by FFIE”, a state-of-the-art showroom

The French Electrical Contractors Association (FFIE) has developed the “Lab by FFIE” at its headquarters. This showroom features the latest trends and products from 30 industry partners – companies of all sizes including start-ups – to illustrate how modern buildings can be fitted with all the latest technological innovations now offered by electricians. The showroom is aimed not just at electricians and B-to-B companies but also at the industry as a whole and the political arena. It will be continuously updated to reflect new market developments.

CREATED AND PRODUCED IN FRANCE

About Meljac

Created in 1995 by André Bousquet, the company (90 employees) designs high-quality electrical equipment using the finest materials.

With about 15 collections, MELJAC offers architects, decorators, electricians and private individuals a large range of options: switches, sockets, reading lights, casings for thermostats and home automation controls, etc. The brand is renowned for its bespoke creations. All products are ‘Origine France Garantie’ labeled. MELJAC is the first company in its business sector to obtain the EPV label (Living Heritage Company).

Its innovation and working methods are at the heart of its development, guaranteeing an optimum quality. Today the brand is available all over the world, with approximately 60 authorized dealers to help serve each their respective markets. The company has one subsidiary in the United States of America.
