

MELJAC presents its expertise at the Révélations biennial

MELJAC, the leader in luxury electrical fittings, will be displaying a selection of its products at the stand for the “Par Excellence” collective during the Révélations International Biennial of Crafts and Creation from 9 to 12 June at the Temporary Grand Palais in Paris.

The brand, reputed for its high-quality French craftsmanship, is pushing the boundaries of luxury by designing functional yet sophisticated pieces that combine the irreplaceable human touch with state-of-the-art technologies.

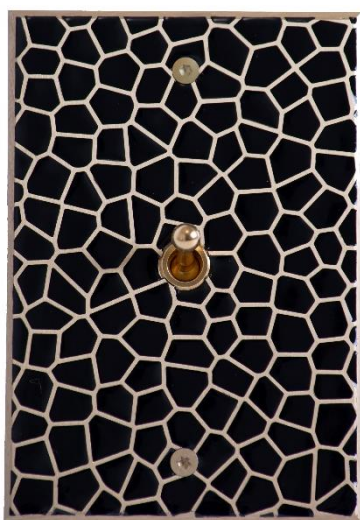

Stand E18

Revealing the beauty in detail

MELJAC has created a customised model of its Pyramide multi-outlet (Volumes collection) in solid brass to be displayed at the stand showcasing six partners in the “Par Excellence” collective at the Révélations biennial. This exceptional piece was painstakingly treated by hand to obtain a Light Bronze finish. Its four faces can be used for a wide range of mechanisms including sockets, switches and USB or RJ45 ports (L x W x H: 180 x 180 x 132mm).

This elegant, functional product fills a real gap in the market for aesthetically designed multi-outlets.

Puzzle

Brushed brass with a Light Bronze finish, black resin

Revealing the endless possibilities of bespoke creations

Visitors to the stand will also discover the virtually infinite choice of possible engravings (resin, embossing, bright cut, etc.), the variety of brass finishes and possible formats, and the quality materials offered by the brand, such as porcelain and tempered glass.

They can admire the exquisite design of the latest brass collections (Cannelée, Solaris and Tournaire) and appreciate MELJAC’s extensive expertise with an example of a reading lamp and a thermostat casing produced by the brand. Every request is examined by the design office with the aim of creating bespoke products that meet clients’ wishes.

CREATED AND PRODUCED IN FRANCE

About Meljac

Created in 1995 by André Bousquet, the company (90 employees) designs high-quality electrical equipment using the finest materials.

With about 15 collections, MELJAC offers architects, decorators, electricians and private individuals a large range of options: switches, sockets, reading lights, casings for thermostats and home automation controls, etc. The brand is renowned for its bespoke creations. All products are 'Origine France Garantie' labeled. MELJAC is the first company in its business sector to obtain the EPV label (Living Heritage Company).

Its innovation and working methods are at the heart of its development, guaranteeing an optimum quality. Today the brand is available all over the world, with approximately 60 authorized dealers to help serve each their respective markets. The company has one subsidiary in the United States of America.

Some references: the Palace of Versailles, the Louvre Museum, Cartier and Chanel boutiques, the Hotels Four Seasons, Mandarin Oriental, Meurice, La Réserve in Paris, the Royal Mansour in Marrakech, the Intercontinental in Geneva, the Danieli Hotel in Venice...
