

Meljac unveils a new finish for its brass products: *Shiny Gilding 1*

Meljac, the French Living Heritage Company and manufacturer of luxury switches, is proud to present its *Shiny Gilding 1* finish made with genuine gold. This finish now features in its colour chart of 30 brass effects, and replaces the *Polished Brass* finish to provide improved durability and scratch resistance.

The brass surface treatment is applied entirely by hand in France and reflects the know-how of the Meljac brand, renowned for the quality of its products, all of which bear the prestigious “Origine France Garantie” label.
